

Preservation Tree

Grow with us.

AS a TCIA-Accredited company we are always happy to hear from the best and brightest. Here are a few examples of our entry level positions. What do you have to offer us that others don't? Tell us your story and why you think you'd be a great fit here at PTS.

Plant Health Care Technician

Interested in tree physiology and health? Our PHC Techs are responsible for caring for the health of our customer's valuable trees by providing customized fertilization treatments, pest control treatments, and air-spade work.

Jr. Arborist

Dream of being an arborist? This is a great place to start! You'll assist our arborists with property visits for preparation of tree inventory, tree measurements, light estimation, and administrative support for customer accounts.

Tree Services & Tree Climbers

Want to get up close and personal with our trees? Our Tree Services and Climber crew members are responsible for the physical care of our customer's trees via skilled pruning and planting services, as well as removals when necessary.

Internship

Are you a go getter and want to get some hands-on experience before you move into a full position? If you think you have what it takes to make a great intern, give us your best pitch and we just may build a special spot for you to learn!

We offer competitive pay, various incentives, health/dental benefits (currently 100% employer-paid for EE coverage), and several supplemental policies. All employees are eligible for annual paid vacation. EEOE.
